EXAMINER'S AMENDMENT

1) An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sungho Hong on 4/21/06.

The application has been amended as follows:

IN THE CLAIMS

Claim 53 is cancelled.

Reasons for Allowance

2) The following is an examiner's statement of reasons for allowance: The prior art Hoffmann (PG Pub US 2003/0234981) and Allan (PG Pub US 2003/0067679) fail to specifically teach an exposure apparatus comprised of a projection optical system for projecting a "repetitive pattern" on the reticle onto an object to be exposed. Upon a further search examiner was unable to locate prior art that read on applicant's particular invention and thus the application is in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to G. Nagesh Rao whose telephone number is (571) 272-2946. The examiner can normally be reached on 9AM-5PM.
